Bicycles left in prohibited areas around the station will be removed

駅周辺などの禁止区域に放置された自転車などは撤去します

If bicycles or motorcycles are left unattended, even for a short period, in no-parking zones around train stations, they will be removed. Bicycles and motorcycles that are left in a condition that makes them immovable narrow the road width, creating obstacles for pedestrians, wheelchair users, and other vehicles, which may lead to traffic accidents. Ambulances and fire trucks will be unable to pass through, hindering rescue efforts and disaster prevention activities. Therefore, please be sure to use designated bicycle parking areas. Even if they are left unattended for a short period, bicycles and motorcycles will be removed at any time and transported to a storage facility. If they are chained to guardrails, the chain will be cut and transported to the facility. Please note that there will be no compensation for the cut chains.
