Let's Follow Bicycle Traffic Rules and Ride Safely

自転車に乗る時はマナーを守りましょう

Let's follow bicycle traffic rules and proper riding manners to prevent traffic accidents.

■ Follow Traffic Rules

Starting April 1, the Traffic Violation Notification System ("Blue Ticket" System) applies to bicycle traffic violations. The system applies to people aged 16 and over. However, everyone, regardless of age, should follow traffic rules when riding a bicycle.

■ Wear a Bicycle Helmet

Last year, in Osaka Prefecture, most of the people who died in bicycle-related traffic accidents were not wearing helmets. To protect your precious life, always wear a helmet when riding a bicycle.

■ Turn on Your Bicycle Light Early in the Evening

Use reflectors and other reflective materials in addition to your bicycle light.

■ Park your Bicycle in Designated Areas

Please do not leave your bicycle parked around train stations or in other unauthorized areas.
Please use municipal bicycle parking facilities.
